The term is associated with techniques that aim to be aesthetically pleasing, highly functional and reasonably secure. In other words, barbed wire fences and warning signs aren't considered security landscaping but security infrastructure. The goal of security landscaping is to make security features non-obvious so that people can continue to enjoy a property or public space.

What is Security Landscaping? - Simplifiable

Home Security Landscaping: Gravel, Thorns and Other Deterrents Gravel is an attractive, affordable landscaping material that provides a simple, natural way to increase your home's security. Placing gravel below windows, leading to side and back doors and in walkways around your property is a great deterrent for burglars, since bad guys rely ...
