## **Healing as Vocation: A ...**

Understanding health care as a vocation. Today health care is described as many things, including a profession, business, industry or even a right. However, long before health care was any of these things, it started as a calling to serve by caring for those who are ill. The word “vocation” comes from the Latin word

The legacy of colonial rule has permeated into all aspects of life and contributed to healthcare inequity. In response to the increased interest in social justice, medical educators are thinking of ways to decolonise education and produce doctors who can meet the complex needs of diverse populations. This paper aims to explore decolonising
