Surviving AI: The promise and peril of artificial ...

The promise of artificial intelligence has been around since the era of electromechanical computing began after WWII. But hope has long raced far ahead of reality. At the first AI conference, held at Dartmouth College in 1956, the view was that AI could almost be achieved in one summer's worth of work.

The Promise of Artificial Intelligence

He published "Surviving AI", a non-fiction review of the promise and peril of artificial intelligence in September 2015. Previously, he published "Pandora's Brain", a novel about the first conscious machine. He is a regular speaker on artificial intelligence and related technologies, and runs a blog on the subject at www.pandoras-brain.com.
