### **Fazzi Oasis C Best Practice**

The National OASIS-C Best Practice Manual represents the work of hundreds of home care leaders throughout the United States. Sponsored by Delta Health Technologies and co-sponsored by the National Association of Home Care & Hospice, and Fazzi Associates, the OASIS-C Best Practice Project entailed a systematic effort on the part of the home care industry to come up with best practices, techniques, and strategies for all the OASIS-C items.

### **Fazzi Associates, Inc.**

If the patient's only pressure ulcer is unobservable, you might want to wait to answer this item, suggests Northampton, Mass.-based Fazzi Associates in the OASIS C Best Practice Manual. If the same clinician will remove the dressing/device so that the pressure ulcer can then be visualized within five days of SOC or two days of ROC, you would be able to report a more accurate answer to M1320.
