The GPS 155XL represents GARMIN' s commitment to provide an accurate, easy-to-use GPS for all of your aviation needs. Before installing and getting started with your unit, please check to see that your package includes the following items. Page 6: Warranty

GARMIN GPS 155XL PILOT'S MANUAL & REFERENCE Pdf Download ...

The GPS-155 is Garmin's original IFR GPS, and it was a solid choice at the time. However, we do not recommend the GPS-155 any longer due to a lack of factory support. The GPS-155 is capable of IFR operation for both en route and approach navigation, including published non-precision approaches, SIDs, and STARS from the database.

GPS-155 IFR-Approach GPS Navigator - Bennett Avionics

1.2.3 Interfaces The GPS 155XL/GNC 300XL provides an interface to various general aviation instruments. Table 3-2 defines the function of each pin on the 37-pin DSUB connector located at the back of the rack. Table 3-3 lists the function of each pin in the 26-pin HD-DSUB connector (J102) located above the 37-pin connector at the back of the rack.

Garmin 155XL Flight Plan Creation

Therefore, for the pilot seeking a basic IFR GPS or GPS-Comm, about the only consideration is the Garmin 155XL or the newer GPS-400 or the GNC-300XL or GNC-420 with built-in comms. Though all of these are out of production, they're still supported by Garmin and, as you can imagine, they're getting a little harder to find.
